Introduction

The Rocket League Sideswipe EU 1v1 Masters, organized by Rocket Baguette, is a Rocket League Sideswipe tournament (1v1, iOS / Android) consisting in four Open registration single-elimination brackets, a round-robin Group stage and a double-elimination Playoffs bracket.

The rules in this document govern the tournament. Each player unconditionally agrees to abide by these rules and the decisions that the Rocket Baguette staff makes about the tournament. These rules are subject to change at the discretion of Rocket Baguette.

I. Format

A. Open Qualifiers

Four Open qualifier tournaments will be held to determine 8 players that will qualify for the EU 1v1 Masters group stage.

Registered players will be entered in a single-elimination bracket meaning that a player will not be eligible to move forward if they lose once.

Seeding will be determined by Rocket Baguette at their discretion.

All matches will be played in a BO5 format. Both semi-final winners will be qualified for the EU 1v1 Masters Group stage.

B. Group Stage

8 qualified players from Open qualifiers and 8 invited players from the EU 1v1 Series points standings will attend the EU 1v1 Masters Group stage.

Players will be entered in two pools of 8 in which they will play a BO5 round robin. Standings will be determined as follows:

- Number of series won,
- Difference between games won and games lost,
- If two players are tied, the tie-breaker will be the result of head-to-head confrontation,
- If three players or more are tied, the tie-breakers will be:
 - series won among tied players,
 - game differential among tied players,
 - games won against the highest player in the standings outside of tied players,
 - games won against the second highest player in the standings outside of tied players,
 - and so on until the ties are broken.

Top 4 players from each pool will move on to the Playoffs stage.

C. Playoffs

The top 8 players from the Group stage will be entered in a double-elimination bracket, meaning that a player will not be eligible to move forward if they lose twice.
